

# StepSan<sup>®</sup>

*A step away from clean hand*

[www.stepsan.com](http://www.stepsan.com)

Sanitization has been a new norm during this pandemic. A bottle of sanitizer in public places will be used by many people and might spread infection if not handled correctly.

Introducing **StepSan<sup>®</sup>**, a safer way to sanitize. Just step on it, and your hand will be clean. With the convenient design, it can reduce the risk of infection.

Installation can be done in public places such as public transport station, shopping mall, government premises, bank, school, restaurant and convenient store. Home installation also possible.

# Why? StepSan<sup>®</sup>

- 1 No need to use hand to handle, just step on it
- 2 Adjustable sanitizer storage
- 3 Convenient design
- 4 Easy to install
- 5 No power supply needed
- 6 Suitable for public places

**Just one step away from clean hand!**
